

LEGEND

Quaternary

5 Fluvio-glacial sand and gravel; Fluvialite sands

Precambrian

4 Olivine bearing gabbro and metagabbro

3 Leucocratic charnockitic gneiss

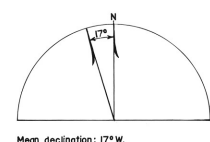

2 Intermediate charnockitic gneiss

Grenville series

1a 1b Crystalline limestone and Paragneiss

SYMBOLS

- Examined outcrop
- Approximate geological contact
- /// Strike and dip of foliation: inclined, vertical, indeterminate dip
- ↗ Direction and plunge of lineation
- Fault
- Ⓜ Mineralisation
- Ⓧ Mine (not producing)
- Glacial striae
- Eskers
- Gravel road
- Bush road (partly overgrown)
- Portage

Scale: 2 inches = 1 Mile
 0 2000 feet
