

The figure is a scatter plot showing the relationship between the $^{207}\text{Pb}/^{235}\text{U}$ ratio (x-axis) and the $^{206}\text{Pb}/^{235}\text{U}$ ratio (y-axis). The x-axis ranges from 8 to 14, and the y-axis ranges from 0 to 1.0. A red line represents the theoretical growth curve. Data points are shown as open circles with error bars, and some are enclosed in green ellipses. A black line represents a linear fit to the data points.
